A party shall not be required to enter into a replacement transaction in order to determine the Market Value. Any extension(s) of the term of a Transaction to which parties are not bound as of the Early Termination Date (including but not limited to "evergreen provisions") shall not be considered in determining Market Value. For the avoidance of doubt, any option pursuant to which one party has the right to extend the term of a Transaction shall be considered in determining Market Values."

13.10 Arbitrations.

13.10.1 Any dispute or claim arising out of or relating to this Contract, or a breach thereof ("Dispute"), shall be decided by final and binding arbitration in Calgary before three arbitrators. The arbitration shall be administered by the American Arbitration Association ("AAA") in accordance with the Arbitration Act (Alberta) ("Act") and the AAA's International Arbitration Rules ("Rules"). If there is a conflict between the provisions of this Section 13.11 and the provisions of the Act or the Rules, the provisions of this Section 13.11 shall prevail. If there is a conflict between the Act and the Rules, the provisions of the Act shall prevail. Either party may notify the other that the Dispute is to be resolved pursuant to this Section 13.11, and in that notice name one arbitrator selected by it. Within 15 days after the receipt of such notice, the other party shall select an arbitrator and notify the party which initiated the arbitration of the name of its arbitrator. Within 15 days after the appointment of the second arbitrator, the two arbitrators selected shall select a third arbitrator. If any party fails to appoint an arbitrator or the party-appointed arbitrators fail to appoint the third arbitrator within these time periods, then either party may ask the AAA to appoint such arbitrators within 15 days of its request with due regard for the selection criteria herein.

13.10.2 The arbitrators selected under this Section 13.10 shall be qualified by education, experience or training to render a decision upon the issues of the Dispute. At the time of the first hearing or earlier, if requested by a party, each arbitrator shall submit to each party a statement setting forth his qualifications to act and disclosing any circumstances which might preclude him from rendering an unbiased award based solely upon an objective and impartial consideration of the evidence presented to him, including disclosure of close personal ties or business relations with any of the parties, counsel for the parties, or the other arbitrators. After receipt of the arbitrators' statements, a party may challenge an arbitrator by presenting to the other party and to the arbitrators the ground for the challenge. The challenged arbitrator may promptly withdraw, after which a substitute shall be selected under Section 13.10.1. If the arbitrator refuses to withdraw, claiming the grounds for the challenge are without sufficient merit, the arbitration shall proceed and the parties shall have whatever recourse may be granted to them under the Act.

13.10.3 The arbitrators promptly shall hear and determine (after giving the parties due notice of hearing and reasonable opportunity to be heard) the issues submitted to them and shall render their decision within 60 days after they have notified the parties that the arbitration hearings have been closed or, if oral hearings have been waived, from the date of the AAA's transmittal of the parties' final statements and proofs to the arbitrators. If the arbitrators have not rendered their decision within such 60 day period, either party may, by notice to the other Party and the AAA, declare the arbitration null and void, at which time the arbitrators shall be dismissed by the AAA. Either party may demand arbitration of the same Dispute on account of which an arbitration proceeding has been declared null and void if that party's demand is made pursuant to this Section 13.10 within 15 days of that declaration. Discovery and other pre-hearing procedures shall be conducted as agreed by the parties, or if they cannot agree, as determined by a majority of the arbitrators. Pending the final decision of the arbitrators, both parties shall proceed diligently with performance of all obligations under this Contract, including the payment of all sums not in dispute. Notwithstanding the foregoing the parties reserve the right to apply to any court of competent jurisdiction for the purpose of enforcing the provisions of this Section 13.10 or obtaining security or other provisional relief to satisfy or effectuate an eventual arbitration award, including without limitation attachment and injunctive relief. The commencement of any such action shall not constitute a waiver of the right to arbitration nor shall it prejudice in any way the right to proceed to arbitration.

13.10.4 The arbitrators shall render their decision and the reasons therefor in writing. The decision of a majority of the arbitrators shall be final and binding upon the parties without appeal to the courts. Judgment may be rendered upon such decision in a court of competent jurisdiction. The arbitrators are not empowered to render any award other than monetary damages or to award damages inconsistent with the provisions of this Contract, any transaction or in excess of compensatory damages, and each party waives its right, if any, to recover any damages in excess of those provided for under this Contract or any transaction. Each party shall bear the costs and expenses of its own arbitrator, attorneys and witnesses and the parties shall share equally the costs of the third arbitrator and any hearing expenses. In determining any matter submitted to arbitration, the arbitrators will apply the law of Alberta, provided that the parties agree that Section 13 of the Natural Gas Marketing Act (Alberta), or any successor section, will not be applicable to any arbitration conducted under this Contract.

Section 13 is further amended by adding the following new Sections 13.11 and 13.12:

"13.11 For the purpose of any amounts calculated hereunder where the price is indicated as being based upon a published index price (the "Reference Price"), the following shall apply. The Reference Price shall cease to be available if (i) it is discontinued or no longer published or updated, (ii) the method for calculating the Reference Price or the components used in determining it are changed in a material way,

or (iii) the relevant posting point ceases to exist for whatever reason. If the Reference Price ceases to be available, and if the publication reporting the Reference Price prior to its unavailability has suggested an alternate index or methodology for determining the Reference Price, then the alternate Reference Price shall be that suggested by such publication. If none is suggested, then the parties agree to promptly and in good faith negotiate an alternate Reference Price. If the parties do not agree on a substitute methodology or index by the end of the first Month for which the Reference Price was not available, then each party shall in good faith prepare a list of five alternate published reference postings or prices representative of spot prices for Gas delivered in the same geographic area. Each list shall be set forth in that party's priority order with the highest priority index listed first. Each party shall submit its list to the other within ten (10) Days after the end of the first Month for which the price could not be determined as set forth above. The first listed index appearing in Seller's list that also appears in Buyer's list shall constitute the alternate Reference Price.
